

PRESS RELEASE

FOR IMMEDIATE RELEASE
March 05, 2008

Digital Dispatch Changes Name to DDS Wireless International Inc.

Richmond, BC, March 05, 2008 – A world leader in providing wireless data solutions for fleet management for over 20 years, Digital Dispatch Systems Inc. announces that it has changed its name to DDS Wireless International Inc. (TSX: DD) effective today. The Company has also reorganized its business operations into four market-focused business units to drive focused execution of the diversified growth strategy of DDS Wireless International Inc. The recent acquisitions of Kirkland, Washington-based StrataGen Systems Inc. and Finland-based Mobisoft OY have been integrated into their respective new business units. The Company's new website will be www.DDSwireless.com.

The four business units under DDS Wireless International will be:

1. **Taxi Business:** Operating as Digital Dispatch Systems Inc., the Taxi business will integrate existing operations with the acquired MobiSoft ASP business to service the taxi market with end-to-end solutions that include enterprise-wide advanced fleet management, managed dispatch service as well as the new advertising and eCommerce in the back-of-vehicle. The website will be www.Digital-Dispatch.com and the President will be Steven Juliver;
2. **Transit Business:** Operating as StrataGen Systems Inc. this business combines Digital Dispatch's existing Transit business with the acquired StrataGen and MobiSoft demand response solutions to serve all sizes of transit fleets. The website will be www.stratagen.com and the President will be Michael Neinhuis ;
3. **eFleet ASP hosted Business:** Operating as DDS eFleet Services Inc., this business provides mobile fleet management solutions for the Work Truck and Limousine markets; and the website will be efleetweb.digital-dispatch.com and the President will be Ray Fast;
4. **Mobile Devices and Communications Business:** Operating as DW Digital Wireless Inc., this business develops, manufactures and markets mobile data devices and communication infrastructure products to multiple vertical markets directly and as an OEM. DW Digital Wireless will be headed by George Lipski as the President and will launch its website in the coming weeks.

"Our new multi-business structure will provide laser focus to each business and its management team. I expect execution to improve and provide impetus for sustained growth in each market opportunity. We want to assure our customers that this evolution will not impact our existing obligations," explained Vari Ghai, CEO of DDS Wireless International. "In fact, each of these businesses is committed to providing the best in class solutions for its specific market, with a clear customer focus and dedicated resources."

###

About DDS Wireless International Inc.

DDS Wireless International Inc. is a global provider of wireless mobile data solutions to multiple markets using state of the art technologies in real-time dispatching, vehicle location and tracking, as well as computerized routing and scheduling. Its offerings include mobile data computers, fleet management applications, communications infrastructure, project management, long-term customer support as well as multimedia mobile commerce systems for fleets. Previously known as Digital Dispatch Systems Inc. a world leader in providing wireless data dispatch systems to the taxi market for over 20 years, the Company changed its name on March 4, 2008, to re-brand itself after restructuring its operations into four market focused business units to facilitate diversification and growth, as well as effectively integrate the recently acquired businesses of Finland-based Mobisoft OY and Washington-based StrataGen Systems Inc.

Forward-Looking Statements

This press release contains statements which, to the extent that they are not recitations of historical fact, may constitute forward-looking information. Such forward-looking statements may include the Company's success in generating future sales and customers in its expansion efforts including but not limited to, financial and other projections as well as statements regarding the Company's future plans, market opportunities, objectives, performance, revenues, growth, profits, operating expenses or the Company's underlying assumptions. Factors that could cause actual events or results to differ materially from those suggested by these forward-looking statements include, but are not limited to: the need to develop, integrate and deploy applications to meet our customer's requirements; the possibility of development or deployment difficulties or delays; the dependence on our customer's satisfaction with DDS Wireless International's products; the timing of entering into significant contracts; our customers' continued commitment to the deployment of our solutions; and including but not limited to other factors described in DDS Wireless International's reports filed on Sedar, including its Annual Information Form and financial report for the year ended December 31, 2006. In drawing a conclusion or making a forecast or projection set out in the forward-looking information, the Company takes into account the following material factors and assumptions in addition to the above factors: the Company's ability to execute on its business plan; the acceptance of the Company's products and services by its customers; the timing of execution of outstanding or potential customer contracts by the Company and the sales opportunities available to the Company; This list is not exhaustive of the factors that may affect our forward-looking information. These and other factors should be considered carefully and readers should not place undue reliance on such forward-looking information. All forward-looking statements made in this press release are qualified by this cautionary statement and there can be no assurance that actual results or developments anticipated by the Company will be realized. The Company disclaims any intention or obligation to update or revise forward-looking information, whether as a result of new information, future events or otherwise.
