FOR IMMEDIATE RELEASE  
March 6<sup>th</sup>, 2009

### **DDS Transit Unit Signs major Contract with NYCT Schedules conference call for 2008 Fourth Quarter and Year End Results**

**Richmond, BC, March 6<sup>th</sup>, 2009** – DDS Wireless International Inc. (TSX: DD) a leading provider of mobile data solutions for the taxi, transit, trucking, limousine and roadside assistance markets announced today that its Transit Business Unit, StrataGen Systems Inc. ("StrataGen") of Kirkland, WA was awarded a major contract with New York City Transit Authority ("NYCT"). The contract value is approximately C\$ 700,000. As part of this contract StrataGen will provide further enhancements to its StrataGen Adept scheduling engine and new StrataGen modules. The modules, Site Tuner™ and Dispatch Alert™ will allow historic comparisons of previous dispatch schedules with new schedules to identify the optimal method of routing and scheduling the over 25,000 para-transit trips per day that the Authority schedules.

"This is further evidence of the Authority's satisfaction with the Stratagen's products and we are pleased to continue our long association with the Authority, said Brent Gushulak, Stratagen Vice President of Sales." We look forward to further contracts with the Authority and other U.S para transit authorities as the recently announced U.S. transportation stimulus package works its way to actual contracts. We have been receiving much interest from existing and new customers who expect to have stimulus funding to utilize for their para-transit operations."

Mr. Gushulak also added that "StrataGen is excited about its new MobiRouter™ product which is aimed at mid to small sized para-transit operations and was recently licensed to Mercy Transport. The ability to rapidly deploy this product is attractive to Authorities who wish take advantage of the stimulus funding."

#### **2008 Q4 and Year End results**

The Company will announce its 2008 fourth quarter and year end financial results before the start of trading on March 12, 2009. The financial statements and MD&A will be available on the Company's web site and on SEDAR at that time. A replay of this conference call will be available until March 26, 2009, by dialing 416-695-5800 or 1-800-408-3053 and entering access code 3754607

#### **Forward-Looking Statements**

This press release contains statements which, to the extent that they are not recitations of historical fact, may constitute forward-looking information. Such forward-looking statements may include financial and other projections as well as statements regarding

the Company's future plans, market opportunities, objectives, performance, revenues, growth, profits, operating expenses or the Company's underlying assumptions. Factors that could cause actual events or results to differ materially from those suggested by these forward-looking statements include, but are not limited to: the need to develop, integrate and deploy applications to meet our customer's requirements; the possibility of development or deployment difficulties or delays; the dependence on our customer's satisfaction with DDS Wireless' products; the timing of entering into significant contracts; our customers' continued commitment to the deployment of our solutions; the risks involved in developing integrated software and hardware solutions and integrating them with third-party communication and other services; the performance of the global economy and growth in software industry sales; market acceptance of the company's products and services; customer and industry analyst perception of the company and its technology vision and future prospects; the success of certain business combinations engaged in by the Company or by competitors; political unrest or acts of war; possible disruptive effects of organizational or personnel changes; technological change, new products and standards; risks related to acquisitions and international expansion; reliance on large customers; concentration of sales; international operations and sales; management of growth and expansion; dependence upon key personnel and hiring; reliance on a limited number of suppliers; industry growth; competition; intellectual property; product defects and product liability; currency exchange rate risk; concentration of ownership; and including but not limited to other factors described in DDS Wireless' reports filed on Sedar, including its Annual Information Form and financial report for the year ended December 31, 2007. In drawing a conclusion or making a forecast or projection set out in the forward-looking information, the Company takes into account the following material factors and assumptions in addition to the above factors the Company's ability to execute on its business plan; the acceptance of the Company's products and services by its customers; the timing of execution of outstanding or potential customer contracts by the Company; the sales opportunities available to the Company; the Company's subjective assessment of the likelihood of success of a sales lead or opportunity; the Company's historic ability to generate sales leads or opportunities; and that sales will be completed at or above the Company's estimated margins. This list is not exhaustive of the factors that may affect our forward-looking information. These and other factors should be considered carefully and readers should not place undue reliance on such forward-looking information. All forward-looking statements made in this press release are qualified by this cautionary statement and there can be no assurance that actual results or developments anticipated by the Company will be realized. The Company disclaims any intention or obligation to update or revise forward-looking information, whether as a result of new information, future events or otherwise.

*The Toronto Stock Exchange has neither approved nor disapproved the contents of this press release.*
