## DDS's Transit Business Unit Appoints New President

**Richmond, BC, April 24, 2009** – DDS Wireless International Inc.'s (DD:TO) transit business unit, StrataGen Systems Inc., announces the appointment of Matt Scheuing as its President.

Matt Scheuing has over 20 years experience including software, technology services and telecom. He joins StrataGen after serving as President of IntelliTax, a privately held provider of tax preparation software and transaction processing, where he led the company to high growth and a successful acquisition by a strategic buyer. Prior to IntelliTax, Matt was the COO of Captaris, a public software company offering enterprise content management solutions. Before joining Captaris, Matt served as president and CEO of Conversay, a provider of speech recognition for embedded systems, and also held a variety of senior management roles in both the media/content and carrier groups at US WEST (now Qwest). A native of Germany, Matt has extensive international business operating experience. He holds a M.B.A. and a B.B.A. from Texas Christian University in Fort Worth, Texas.

"I look forward to joining DDS Wireless and I am excited about our continuing growth and expansion opportunities. I was attracted by the unique offerings in StrataGen's transit business, especially when coupled with the complementary capabilities of DDS that will allow us to serve our customers in new ways and expand our market footprint.", said Matt Scheuing.

"I am very pleased to announce the appointment of Matt Scheuing to our senior management team. Matt brings extensive leadership experience and a proven track record of growth and business development in the technology arena. His appointment represents one of our key objectives to build strong leadership and management teams in each of our business units, and I am confident that his skills and experience will significantly enhance StrataGen's ability to capitalize on the significant market opportunity at hand." said Vari Ghai, CEO and Chairman of DDS.

### Forward-Looking Statements

This press release contains statements which, to the extent that they are not recitations of historical fact, may constitute forward-looking information. Such forward-looking statements may include financial and other projections as well as statements regarding the Company's future plans, market opportunities, objectives, performance, revenues, growth, profits, operating expenses or the Company's underlying assumptions. Factors that could cause actual events or results to differ materially from those suggested by these forward-looking statements include, but are not limited to: the need to develop, integrate and deploy applications to meet our customer's requirements; the possibility of development or deployment difficulties or delays; the dependence on our customer's satisfaction with DDS Wireless' products; the timing of entering into significant contracts; our customers' continued commitment to the deployment of our solutions; the risks involved in developing integrated software and hardware solutions and integrating them with third-party communication and other services; the performance of the global economy and growth in software industry sales; market acceptance of the company's products and services; customer and industry analyst perception of the company and its

technology vision and future prospects; the success of certain business combinations engaged in by the Company or by competitors; political unrest or acts of war; possible disruptive effects of organizational or personnel changes; technological change, new products and standards; risks related to acquisitions and international expansion; reliance on large customers; concentration of sales; international operations and sales; management of growth and expansion; dependence upon key personnel and hiring; reliance on a limited number of suppliers; industry growth; competition; intellectual property; product defects and product liability; currency exchange rate risk; concentration of ownership; and including but not limited to other factors described in DDS Wireless' reports filed on Sedar, including its Annual Information Form and financial report for the year ended December 31, 2008. In drawing a conclusion or making a forecast or projection set out in the forward-looking information, the Company takes into account the following material factors and assumptions in addition to the above factors the Company's ability to execute on its business plan; the acceptance of the Company's products and services by its customers; the timing of execution of outstanding or potential customer contracts by the Company; the sales opportunities available to the Company; the Company's subjective assessment of the likelihood of success of a sales lead or opportunity; the Company's historic ability to generate sales leads or opportunities; and that sales will be completed at or above the Company's estimated margins. This list is not exhaustive of the factors that may affect our forward-looking information. These and other factors should be considered carefully and readers should not place undue reliance on such forward-looking information. All forward-looking statements made in this press release are qualified by this cautionary statement and there can be no assurance that actual results or developments anticipated by the Company will be realized. The Company disclaims any intention or obligation to update or revise forward-looking information, whether as a result of new information, future events or otherwise.

*The Toronto Stock Exchange has neither approved nor disapproved the contents of this press release.*
