Ace Cab Selects Digital Dispatch

Richmond, BC, September 27, 2006 – Digital Dispatch Systems Inc. (TSX: DD), a leading provider of mobile data solutions, today announced that Ace Cab Inc. ("Ace") of Las Vegas, Nevada, has selected Digital Dispatch's Vector and automated vehicle location ("AVL") mobile computers for a turnkey solution to manage its fleet of approximately 675 taxi vehicles.

"We selected Digital Dispatch since they are a market leader in providing mobile data solutions to our industry. Investing in a new partnership with Digital Dispatch enables Ace to increase our overall customer service which is critical in the Las Vegas market," stated Mr. Charlie Frias, President, Ace Cab Inc. "We look forward to developing a long relationship with Digital Dispatch's solution which we expect will make a positive impact on our business."

Ace was established in 1967. The Ace Cab group of taxi companies is the largest taxi group in the greater Las Vegas area. Ace plans to deploy the solution purchased from Digital Dispatch immediately throughout the group.

"We are thrilled to welcome Ace as a new customer of Digital Dispatch," said Ken Holland, Manager of Sales, for Digital Dispatch. "Having a major taxi transportation company based in Las Vegas further expands Digital Dispatch's customer base and leadership position which we look forward to continuing."

This new customer order for the Digital Dispatch solution and related services purchased by Ace is worth over \$1 million to Digital Dispatch.

###

About Digital Dispatch Systems Inc.

Digital Dispatch Systems Inc. is a worldwide provider of mobile data solutions for fleet and mobile workforce management. Founded in 1987, we have an installed base of 70,000 wireless mobile data devices and nearly 200 wireless data systems on four continents. We offer products and services to manage vehicle fleets and mobile workforces, including dispatch software, wireless communication infrastructure and a range of in-vehicle mobile devices. Forward-Looking Statements

This press release contains statements which, to the extent that they are not recitations of historical fact, may constitute forward-looking information. Such forward-looking statements may include financial and

other projections as well as statements regarding the Company's future plans, market opportunities, objectives, performance, revenues, growth, profits, operating expenses or the Company's underlying assumptions. Factors that could cause actual events or results to differ materially from those suggested by these forward-looking statements include, but are not limited to: the need to develop, integrate and deploy applications to meet our customer's requirements; the possibility of development or deployment difficulties or delays; the dependence on our customer's satisfaction with Digital Dispatch Systems' products; our customers' continued commitment to the deployment of our solutions; the risks involved in developing integrated software and hardware solutions and integrating them with third-party communication and other services; and including but not limited to other factors described in Digital Dispatch Systems' reports filed on Sedar, including its Annual Information Form for the year ended December 31, 2005 and report for the quarter ended June 30, 2006. This list is not exhaustive of the factors that may affect our forward-looking information. These and other factors should be considered carefully and readers should not place undue reliance on such forward-looking information. All forward-looking statements made in this press release are qualified by this cautionary statement and there can be no assurance that actual results or developments anticipated by the Company will be realized. The Company disclaims any intention or obligation to update or revise forward-looking information, whether as a result of new information, future events or otherwise.

The Toronto Stock Exchange has neither approved nor disapproved the contents of this press release.
